

Pollinator Count

Count the pollinators that live in your area. Look for blooming flowers in your yard, outside of your window, on your block, or in your neighborhood. The first line shows an example of how to fill in the table below.

DATE	START TIME	END TIME	LOCATION	WEATHER/ TEMPERATURE	# HONEY BEES SEEN	# OTHER POLLINATORS SEEN
4/10/2020	3PM	3:05PM	walking down the block where I live.	cloudy, 62°F	8	2 Butterflies 1 Hummingbird 3 (unknown bee)
